1. [ ] At the Director's request called Mr. Sam Black, on the staff of the Democratic Study Group, in response to a request of the Group Chairman Representative Don Fraser for the Director to conduct a seminar of the Group on 1 July on "Estimating the External Threat." I told Mr. Black that the Director would not be available at that time and because of his heavy schedule could not forecast when he might be available. Moreover the subject involved was one on which we were in no position to even talk to a Group such as this. I said that estimating very much concerned the inner workings of the Agency and community and the Subcommittees to which we were primarily responsible regularly disapproved our going into these matters with other committees or groups. Black said he understood our problem and wondered if I had any alternative suggestion. He said Pete Scoville and [ ] were participating and wanted to round out the program with someone experienced in the intelligence field. I suggested he might call Tom Hughes in State.

See Memo of Conversation for details.

3. [ ] Called Mr. Tom Braden, of the Los Angeles Times, as a follow up to his earlier call to the DDCI and explained that in addition to our briefings of various congressional committees under the guidance of the Agency Subcommittees, we kept the Joint Committee on Atomic Energy informed on matters of interest to them pursuant to provisions of the Atomic Energy Act requiring all Executive agencies to report to the Joint Committee on these matters.

50X1

4. [ ] Miss Jacqueline Frazier, on the staff of the Senate Armed Committee, called and requested the names of the men who have served as Director of Central Intelligence and the period of their tenure. I provided her with a copy of the Agency pamphlet containing this information.

I explained to Murphy that this was an abbreviation for documents entitled "National Intelligence Projections for Planning" and mentioned in passing the reference to NIPPs in John Finney's article of 1 June. Murphy said these had been called to his attention by Mr. Schwiller, of the Joint Committee staff. Murphy is interested in knowing if they are CIA documents as such or merely working papers. He is interested in any of these studies which might have to do with offensive and defensive weapons.

10. [ ] David Martin, on the staff of Senator Thomas Dodd (D., Conn.), called and said that they were sending us a letter and a clipping which indicated a conspiracy was taking place between the Soviet Union and France with regard to Israel. Martin said that according to the article the United States was not privy to this but might be backed into a corner as a result of the situation. Martin was merely alerting me to this--adding that they would like any assistance which we could give to the Senator on this.

10. [ ] Saw Senator Birch Bayh (D., Ind.) very briefly but did not have an opportunity to bring him up-to-date on the status of our contacts with Senator Ervin on S. 782. She said she would call me as soon as it would be convenient for the Senator to talk with us about this. In the meantime she will ask him to let us know if he hears that action is contemplated on this bill.

14. [ ] Saw Pat Holt, on the staff of the Senate Foreign Relations Committee, and told him that Mr. Milton Brown would brief the Western Hemisphere Subcommittee on insurgency in Latin America on 16 June at 10:00 a.m. as he had requested.
